SCHUEHLE-WURZBACH.

A pretty home wedding took place last evening, November 17th, at 8 o'clock, when Miss Edna Schuehle became the bride of Mr. Wurzbach. The wedding was solemnized at the home of the bride's parents Mr. and Mrs. T. Wurzbach. Rev. Heckman officiated at the ceremony.

The living and dining rooms were prettily decorated in ferns and flowers. The bridal party entered the living room to the strain of "Wedding March" from Mendelssohn. The first to enter were Miss Wurzbach, Maid of Honor, and George Schuehle, best man, followed by the bride and groom. There were a becoming mid-night blue suit with contrasting accents of silver gray, and carried a bouquet of white chrysanthemums and tube roses. The maid wore a cocoa canton crepe, and carried an arm bouquet of yellow chrysanthemums.

Following the ceremony an informal reception of the bridal party was held. The bride is the Medina's fairest and most cherished daughters, having a kind and loving disposition. The groom is a young man of sterling character and his friendship is appreciated by all who know him.

Mr. and Mrs. Schuehle left Saturday morning for a short wedding trip and other points of interest. November 26th, they will be to their friends at Hondo.

Hondo Public School held only a session yesterday, dismissal so that several of the pupils could attend the game at Sabinal between Corpus Christi and the Sabinal school teams at that place. Two teams played the final to determine the district champion for this district in the Inter-League Contests. A number of citizens also went over for our neighboring town.

Mr. and Mrs. Ed. de Montel received a letter from daughter, Mrs. Karl Schilling, telling them that she and Lieutenant Schilling are comfortably settled in quarters at Ft. Wm. Manilla, Philippine Islands, and well pleased with that country. Lieutenant Schilling is on a two year's assignment to that country.

Mr. Boehle and son, Alfred, left Hondo Wednesday hauling lumber for the reparation of the parsonage at Quihi, which is being done by Robert Breil. Mr. Boehle paid this office a call.

Mr. Zerr left for El Paso Tuesday for a visit to his parents, Mr. and Mrs. Joe Zerr. We are sorry that Mr. Joe Zerr is still afflicted with rheumatism. Mr. and Mrs. Ernest Bohlen are from San Benito visiting their daughter, Mrs. Fritz Boehlen, who has been here for some time.

Mr. Ditzler Jones and Albert were down from Uvalde Monday on legal business.

LADIES' FORTY-TWO CLUB.

Mesdames L. J. Brucks, F. S. Cockrell and Fletcher Davis were hostesses to the members of the Ladies' Forty-two Club Thursday afternoon.

At the conclusion of the games it was found that the highest score was made by Mrs. F. H. Schweers.

The Thanksgiving scheme was portrayed in all appointments—the tallies were cards of white and gold, pierced by bronzed turkey quills, the table decorations were mounds of wild sumach and fruits of the season in all their varied tints, while sprays of wild sumach as plate favors completed the typical theme of the season.

A dainty luncheon of nut cream puffs and almond macaroons with hot coffee was served to the following: Mesdames Felix Batot, Andrew Bless, Earl Boon, L. J. Brucks, F. S. Cockrell, Fletcher Davis, L. E. Heath, Ralph Noonan, O. H. Miller, W. H. Smith, C. J. Schuehle, W. Speece, F. H. Schweers and Earl Starnes.

Sheriff Bader's boarding house is again becoming a popular hang out. After losing all but one of its boarders following the recent session of district court, one being sent to the pen and three others securing their release on bonds, the new boarders took up quarters this week. Pedro Gonzales and sons, Santos and Samuel are now occupants of that unpopular hostelry, each with a charge of cotton theft set opposite their names. Robert Tschirhart of the Natalia community is the complaining witness. The addition of these new recruits brings Sheriff Bader's boarders up to five.

A. T. Chapple, colored, a recent arrival in this county, has quarters at the Bader Balen. He was staying on the Finger ranch, and a few days complaining of being a little indisposed came to town for medicine. Before leaving the ranch, however, he gathered up what he could lay his hands on of the belongings of a bunch of hunters—a watch, shoes, clothing, etc. Now he has, for the time at least, retired to meditate over the evils of too great covetousness for the property of others.

The November 8th gin statistician's report of cotton ginned up to November 1st shows 5,093 bales for Medina County as compared with 4,193 bales up to the same date in 1922. The figures for the state were 3,503,199 and 2,847,427 respectively. This substantial increase in the yield, coupled with the better price than last year has made money much easier throughout the cotton growing area of the state.

Mr. and Mrs. Roland Gaines are rejoicing over the arrival of a little daughter in their home on Thursday, November 22nd.

Mrs. Joe Lee Thompson of San Antonio spent the week here with her parents, Mr. and Mrs. C. W. Gilliam.

HONDO WINS AT LAREDO.

Hondo High School defeated Laredo Saturday, 7 to 6 in one of the best games played this season. The victory was a surprise as Laredo not only outweighed the Hondo eleven, but had been defeated but once before this season. Hondo has now won four out of five games.

Hutzler made the lone touchdown for Hondo on a criss-cross, he running 40 yards for the points. Windrow of Hondo, did some splendid broken field running, while Wilson, playing end for the same team, was a bulwark at defense.

Laredo made its score in the second period. Time and again the border town had chances to score, getting the ball at times to the four-yard line, but in every instance they fumbled.

MANY THANKS.

Oh! I thank you. I thank you for the lovely flowers both big and little—because the little ones have just as much love behind them. I thank you because it was not for show but for love.

Mrs. E. E. Scott.

Joe H. Reynolds, District Industrial Agent of the G. H. & S. A. Ry. Co., with headquarters in San Antonio, was here Thursday on business for his company. Mr. Reynolds is a Hondo boy who has made good by sticking to his job and rendering efficient and cheerful service therein. Beginning as a general roustabout at the local depot, he has stuck to his employers until they have advanced him to the responsible position of developing business for the company throughout all of Southwest Texas. The people here who knew him "away back" as "that accommodating red-headed boy at the depot" rejoice to see him thus advancing.

Miss Ether Helmke, daughter of Mr. Fritz Helmke, underwent an operation for appendicitis at the Hurt Hospital Wednesday. We are glad to report her as doing well.

CATHOLIC LADIES CLUB.

Mesdames L. J. Brucks and L. E. Heath entertained the members of the Catholic Ladies' Club on Wednesday afternoon at the home of Mrs. L. J. Brucks.

Sixteen members were present and many a stitch was made by those who brought their fancy-work. Those who "forgot" passed the time in playing "forty-two".

A delightful repast, consisting of pumpkin pie and coffee was served.

Mass Meeting

(IMPORTANT BUSINESS).

All citizens interested in the holding of a County Fair next year are hereby urgently requested to attend a mass meeting to be held at Hondo, Texas, at the Chamber of Commerce Hall on Monday, November 26th, 1923, at 2:00 o'clock P. M.

Mr. Citizen: If you are interested in the progress and prosperity of Medina County, then attend this meeting, for unless the proper spirit is manifested by a large county-wide attendance at this meeting, the matter of holding future Fairs will be dropped and permanently abandoned.

DILLY—YANCEY BASKETBALL.

"Dilly Rubs it In."

Before a large crowd of spectators, in the main feature of the day, the reorganized Yancey Tigers went down in defeat before Dilly High, on the day set aside for the Yancey Community Fair.

The game started snappy, with both teams showing a spirit of snap-piness. Yancey scored a field goal in the first minute of play. It was the only time that Yancey was able to gain the lead.

P. Crain was the outstanding star of the game, scoring two field goals. His accurate goal throwing was all that saved the Tigers from a "slaughter."

The game was marred by many fouls—Oefinger having three personal fouls called against him, and Rodetzky two.

The Tigers have a game scheduled with Big-foot next Friday and it is hoped that our boys will show better than they did last Friday. Our boys are all working hard this week, getting into shape. The rain has been playing havoc with the practice but the boys make out the best they can. The Tigers have the right kind of spirit to carry them a long way this season. They are light but loud. Remember the game with Big-foot and give our boys your support.

The line-up for The Tigers Friday:
Oefinger Forward.
P. Crain Forward.
A. Bohmfalk Center.
C. Crain Guard.
C. Ward Guard.
Subs: Rodetzky and R. Ward.

We wish to thank every one who contributed to the team last Friday. We assure you that the money will be spent in a good way.

TO THOSE IN ARREARS.

Most of our subscribers renew their subscription, but there are some who settle up annually in the fall and occasionally some one over-looks this little matter and lets a year or two slip by unnoticed. This little reminder is to request all who can to remember the printer when making their fall settlements. Fair crops and good prices have made money fairly easy for most people. Pay these small amounts to the printer and make it "easier" for him.

We thank you—now!

Very gratefully,

Good Backs for Bad.

Hondo Residents Are Learning How To Exchange the Old Back For a Stronger One.

Does your back ache, feel weak and painful? Do you suffer headaches, languor and depression? Is the urine discolored, passages irregular? The kidneys may be calling for help. Weak kidneys cannot do their work. Give them the help they need. To cure a kidney backache you must cure the kidneys. Use a tested and proven kidney remedy. Doan's Kidney Pills have stood the test. Convincing proof of merit in Hondo endorsement:

Joseph Mechler, Hondo, says: "I can highly recommend Doan's Kidney Pills for I know they are good. I was taken with a severe backache and had a dull pain in my kidneys day and night. When I stooped I could hardly get up again. My kidneys didn't act right and I had to get up nights on this account. A friend told me about Doan's Kidney Pills so I used them and was helped. Two boxes of Doan's made my back as strong as iron and made my kidneys act like clock-work".

ROAD AID GRANTED.

Judge R. J. Noonan was in Austin Monday for the purpose of appearing before the Highway Commission to solicit additional aid for the highways of Medina County and was successful beyond his most sanguine expectations. And the necessary funds for the completion of the highways in Medina County is now assured. The sum granted for the highways and the three mile section of the Bandera road lying in this county now totals \$491,000—a sum greater perhaps, than granted to any other county in the State. The sum secured will be used for the asphalt topping of the highway, and is thought sufficient for all needs save about a three mile stretch near D'Hanis, which will be taken care of later.

With the aid just secured there is no doubt that within a short time the section of the highway in this county will compare favorably with any in the State.

R. P. ANSLEY DEAD.

Mrs. Willie Metzger was called to Ft. Worth Sunday evening to attend the funeral of her brother, R. P. Ansley, who was buried there Monday.

Mr. Ansley resided here for a while some twenty-odd years ago, and as a boy learned the printer's trade in the old Hondo News office when it was published by E. B. Patrick. Since leaving here he has engaged in the printing and publishing business in various places, and was a Linotype operator at Shreveport Louisiana, at the time of his death Saturday. His death was rather sudden and was caused by some acute stomach trouble. Mr. Ansley is survived only by his widow who is his second wife, his first wife and their little son having died some years ago.

This paper joins in sympathy for those who mourn.

WITH THE DRILLERS.

Rain continues to interfere with drilling operations, however, slow progress is being made in the different wells.

The Carl well on the L. J. Schmidt Briar Branch was down 878 feet Tuesday evening and was rat-tailing. This well is due to come in in a week or ten days.

The McBride well, on the Adams ranch, drilled into the oil sand at 1,003 feet last Friday. We are informed the oil in this well is of a very fine quality, but the quantity—we understand about 7 barrels—is not satisfactory, and the well will be carried on down, possibly to a 1,500 foot level. There is but little doubt that much greater production will be encountered long before this depth is reached.

The Wolff well, on the Mofield ranch, has been practically at a standstill for a week, waiting a shipment of casing that was delayed on account of muddy roads. However, the casing has been received and this well is due to come in any day.

A new rig was started to the Frank Moebius farm Tuesday, but was some miles from its location at night, but we suppose reached its destination Wednesday. Heavy roads was interfering with it's progress.

Derrick material was hauled to a location on the Ward ranch this week, where a new location has been made. This well will be several miles west of the Ina Company's wells and should oil be struck will greatly enlarge the territory. Will Metzger, an experienced driller, will have charge of the drilling.

Ina No. 2 has been cleaning out and drilling deeper for a week or more. We understand Driller Brown purposes putting this well on the pump by the end of the present week. We understand oil is standing over 500 feet in this well. The gas from No. 1 and 2 is being utilized by Mr. Brown in driving his drill and pump, he even using it for cooking purposes at his camp. He is also under contract with the Carl people to furnish them oil for drilling purposes, which he is filling with oil from well No. 1.

We understand other oil men have taken over the McDonald-Smith well on the Wilson ranch and will rush it to completion. This well is down approximately 800 feet.

But perhaps the most significant news in the oil situation is the fact that a pipe line is to be surveyed immediately. In fact, this work would be under headway now if it was not for the threatening aspect of the weather. However, weather permitting, this work will be started next Monday. An airline from the Ina wells will be run to Quihi Siding; a line will also be run to Devine. County Surveyor H. V. Haass will have charge of the work.

Meanwhile new oil men are daily arriving and looking over the situation in this field.

Since the 1st of August, 1923 up to November 22, there had been forwarded from Hondo 76 cars of corn, 5 cars of oats, 6 cars of milo maize, 17 cars of hay, 24 cars of cotton seed and 25 cars of live stock—a pretty good showing for a semi-arid country. We can't imagine what will become of the Middle and Eastern parts of the State—"the farming sections"—should we ever have a crop failure here.

Miss Bertie Lamont left for San Antonio where she will work in a Telephone office.

Mrs. Willie Brieden gave a quilting party Tuesday evening.

Carl Cobb and family of San Antonio visited relatives here this week.

Mr. and Mrs. Gus Keller of La-Coste and Miss Theresa Hans motored to San Antonio Tuesday.

Mrs. Louis Scherrer and Miss Fannie Bourquin visited Miss Florence Scherrer at the Lady of the Lake College Wednesday.

Mr. and Mrs. Louie Tondre and son, Herbert, were San Antonio visitors Wednesday.

CONRAD-BELZUNG.

A very pretty wedding took place Wednesday morning in the Catholic Church, when Miss Lenora Conrad became the bride of Mr. Robert Belzung of Cliff, Rev. A. Hickman reading the impressive marriage ceremony.

The attendants were Miss Pauline Belzung and Allen Heinen, Miss Ida Belzung and Herbert Tondre, Miss Malinda Conrad and Clarence Belzung; little Miss Pearl Tondre, ring bearer.

The bride was attired in a lovely dress of white canton crepe, with flowing veil and a wreath of orange blossoms, and carried a shower bouquet of white flowers; the maids were in rose-pink taffeta, the little ring bearer was in white with trimming of blue ribbon.

After the ceremony at the church the bridal party repaired to the home of the bride's uncle and aunt, Mr. and Mrs. Frank Tondre, where the bride has always made her home, where a grand reception was held.

There is a trite—but the philosophers say a true—saying that all things come to those who wait. News from Hondo is that the County Court of Medina County has formally let the contract for the construction of that part of the San Antonio-Bandera Road that lies within the confines of the division named. No road news of any sort from anywhere could be of more importance or of more pleasure to San Antonians. It presages the consummation of something that has long been sought and, for years in vain. It means the arrival in due time, and it is hoped a short one, of a stage of passability over every inch of the highway between the capitals of Bexar and Bandera. Of course, some roads are incapable of passage. That little stretch of less than three miles across the corner of Medina has been nearly so, and for many years that hope of betterment had given away to despair. Due to pressure from the State Highway Commission the county officials of

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for

Colds Headache
Toothache Lumbago
Earache Rheumatism
Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost but few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Medina yielded to the wishes of everybody along the route, to those of everybody in Bandera and everybody in San Antonio and there is victory in sight. The work is of important consequence in the life of Bandera. It will give to Bexar's sister county on the northwest a real outlet to the world. It will afford San Antonians by the thousands pleasurable chance to visit a community they love without too many thrills and without any spills. It is a linking up of a link in the State highway system that ought to, and will give satisfaction to every advocate of good roads throughout Texas.—San Antonio Express, Nov. 16.

A Wish

"I HAVE TAKEN Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of Cardui and her condition was much better."

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard on us."

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work." This card fulfils her wish.

TEMPLE, TEXAS, TO STAGE LIFE-SAVING CONTEST

Three-Day School of Instruction to
Precede Championship Meet.

Two important life-saving events are scheduled for mid-winter in Temple, Texas, as a result of the life-saving campaign conducted by the Southwestern Division, American Red Cross, in Texas during the summer just ended. This will be a school of instruction for physical directors of high schools, Young Men's and Young Women's Christian Associations, and state normal schools. Between 75 and 100 will be in attendance from all parts of the state and the school will last three days, December 27, 28 and 29.

The second event is the state Red Cross Life Saving Championship meet to be held in February or March. A trophy, to be known as the Campbell trophy, will be presented to the Red Cross chapter in the state meet to which the winning team belongs.

The Life Saving instruction course will be conducted by Captain Joseph S. Law, Assistant Director of Life Saving in the Southwestern Division, American Red Cross. Law also is busy organizing life saving teams and working in conjunction with the physical departments of the various colleges and universities in the division. He reports enthusiastic co-operation on the part of all the universities which he has had an opportunity to approach on the subject thus far.

TEXAS PHYSICIANS ENDORSE RED CROSS HEALTH DRIVE

The Medical Societies of Eastland and Comanche Counties, Texas, in a joint session at Clco, Texas, passed a resolution pledging the moral and professional support of the members of these two organizations to the health service covered by the American Red Cross among the youths and school children of Eastland County. Twenty-eight physicians were present and voted unanimously for the resolution, which is here given:

"Be it resolved by Eastland and Comanche Counties Medical Societies, held in joint session, that we, the members of the above named organizations, do hereby endorse and promise our moral and professional support to the Health Service Campaign now being planned by the Executive Officers of the American Red Cross of Eastland County among the youths and school children of the county as described by Mrs. J. R. Nunn of Eastland City, Texas, and Mrs. Philip Pettit of Clco, Texas, and that we pledge the above named officers of the American Red Cross and the Nutritional Expert

Nurse to soon come into the county our very best efforts and service gratis in the furtherance of the work of meeting health problems among the school children of the county.

(Signed) W. H. Guy, M. D., Carbon, President.

Joseph W. Gregory, M. D., Clco, Secretary."

JUNIOR RED CROSSER SEVENTY YEARS "YOUNG"

The oldest "Junior" Red Crosser in the United States is Dr. Elliott Smith of Kansas City, Missouri, who is 70 years young. Dr. Smith is post scout master of the Kansas City, Missouri, Boy Scouts and has been active in Sea Scout work for several years. He took the original Red Cross Life Saving test in 1919 at the Kansas City Y. M. C. A., and is an expert swimmer, canoeist and life saver. He is Chairman of the First Aid Committee of the Kansas City, Missouri, Red Cross Chapter.

RED CROSS NURSE GETS QUILT FROM INDIANS

A red, white and blue quilt was the unique present which has been given to Miss Mary D. Beyer, Public Health Nurse for the Oklahoma County Chapter of the Red Cross with headquarters at Okemah, Oklahoma, by several full-blooded Creek Indians. Miss Beyer comes constantly in touch with the members of this tribe in her work throughout the county.

It is not easy to establish friendly relations with the Indians for they are suspicious. On one of her visits to a rural school, the nurse discovered a small boy of 11 who was not doing well in school. His parents came to the school to interview the nurse. The father thought the boy had stomach trouble because he would not eat regularly. A diet of oatmeal, eggs and milk was outlined. The father, not quite sure of the plan, said, "When Lee, he not want to eat breakfast, make him." And the nurse replied that that was the proper thing to do. "Hm-hm, I see," said the father. Now Lee is eating regularly and making vast improvement in his scholarship.

"Not well, I fear."

"No?"

FIRST TO COMPRESS FEET

Favorite of Chinese Emperor, Many Centuries Ago, Said to Have Originated the Custom.

J. P. Donovan, authority on Chinese customs, in an article called "Romance in Chinese Literature," published in the Forum, writes:

"The ideal of beauty and the mark of gentility for a woman used to be small feet, the compression of which was not imposed by law but was a craze of fashion, as slender waists were at one time in England. Several accounts are given as to the origin of the custom of foot-binding, but probably the following is the correct one:

"It is said that Yao Sheng, the beautiful concubine of Emperor Li Yu (973 A. D.), was light and graceful in all her movements, being able to dance with ease and elegance. She gave so much pleasure to her lord and master that he caused to be made golden lily flowers with movable petals for Yao Sheng to walk on from her apartments to the palace. To gratify the emperor still further, she compressed her feet, in order that they might look like a lily bud unopened, until they were three inches long."

NO ESCAPE FROM HUMORIST

Girl Possibly Would Have Done Better if She Had Greeted Him With Frankness.

I boarded a suburban train one evening on my way home from business, and finding it crowded pushed my way to gain as comfortable a position as possible. I noticed, to my dismay, that I had placed myself within the view of a man I had recently met, and knew to be a humorist. I decided, since I did not want his jokes to be heard by so many people, to turn my back to him. This I did, not knowing he had noticed me.

Imagine my surprise when I heard him announce that the girl with the red hat would now sing a solo. I was the only wearer of a red hat. All eyes turned towards me and most every one laughed.

I often wonder how I finished that trip. But I never turned my back on him again.

Are Men So Fickle?

Women members of the Republican county committee were discussing Assemblyman Steinberg's bill providing that no marriages should be performed until thirty-six hours after the issue of the license. Miss Mary Wood, prominent in politics, opposed the measure. "It gives a man too great a chance to change his mind," she said.—New York Herald.

CITIZENS AID IN CHILD WELFARE AND FLOOD RELIEF

Red Cross Rendered Much Volunteer
Assistance in Southwestern
Division.

Volunteer work in the Southwestern
Division, American Red Cross, has
been unusually active during the last
year, according to reports which have
come into the division office in St.
Louis recently. The volunteer com-
mittee of the Port Arthur, Texas,
chapter is regarded as one of the
mainstays of the service which the
chapter at Port Arthur renders the
community. Through this committee
largements are collected, sorted and kept
in order to be used whenever needed.

In Independence, Kansas, the volun-
teer committee of the Red Cross chap-
ter has conducted better baby contests
and children's clinics with marked suc-
cess.

Volunteers in the six towns of Texas
County, Oklahoma, also have been
holding child welfare clinics and con-
ferences and have been able to accom-
plish much good towards the better
health of the community by calling the
parents' attention to slight physical
defects of their children, which cor-
rected now amount to nothing but
which if permitted to run on might be-
come serious for the child.

In Little Rock, Arkansas, dancers

have been able to play an important

part in reconstructing the impaired

brains and nerves of the patients in

the U. S. Veterans' Hospital No. 78 in

that city, by teaching men to dance

and thus assisting the other occupa-

tional therapy work in stimulating the

dormant mental faculties of the vet-

erans.

Volunteer members of three chap-

ters in the Southwestern Division also

have had ample opportunity to dem-

onstrate their enthusiasm in the ad-

ministering of flood relief during the

last summer and fall. Thirty-four hun-

dred dollars was raised by the Win-

field, Kansas, chapter to take care of

the recent victims of the floods of the

Walnut and Arkansas rivers. At Ft.

Smith, Arkansas, the Sebastian County

chapter handled the acute needs of the

refugees of the floods of last June in

the district between the Arkansas and

Potomac rivers, and at Tulsa, Oklahoma,

volunteer Red Cross workers conducted

relief headquarters where 148 persons

were fed, clothed and furnished with

sleeping quarters for six days until

the water subsided sufficiently for

them to return to their homes.

RED CROSS SERVES AT INTERNATIONAL AIR MEET

Ambulances, Nurses and Physicians on
Duty for First-Aid Work.

That the Red Cross never overlooks
an opportunity for service was evi-
denced in the recent International Air
Meet in St. Louis when aviators from
all over the world, representing both
military and civil organizations, com-
peted for world famous trophies. With
a daily attendance of close to 100,000
in the way of spectators, and a literal
army of flyers, mechanics, attendants,
laborers and the necessary personnel
of such a gigantic undertaking, there
was real work to be done by the Red
Cross.

A first-aid station was established on
the field under the direction of one of
the Field Directors of the Southwest-
ern Division of the Red Cross, and
ambulances with nurses and physicians
were on duty all day. A territory of
172 acres had to be covered and ambu-
lances had to be ready on instant call
in case of an accident to the flyers,
so that a real field service was main-
tained, with first-aid dressing station
and similar activities.

The canteen was under the direction
of the Women's Overseas League of St.
Louis, and while the service of the
first-aid station and its personnel was
given free to the public, the canteen
charged for its service and the money
thus raised was used for the disabled
members of the league.

The St. Louis Chapter of the Ameri-
can Red Cross also furnished motor
cars and other transportation to bring
the World War veterans from local
hospitals to the field to witness the
flying.

Although the percentage of accidents
and other casualties was remarkably
small there were enough of them to
keep the Red Cross workers constantly
busy for the entire week of the meet,
and to gain the thanks not only of the
individuals who were given attention
but of the officials of the meet and the
representatives of the United States
and other governments taking part in
the contest.

ARKANSANS ESTABLISH CORRECT WEIGHT RECORD

More than 1,500 men, women and
children had been weighed and mea-
sured for health at the Red Cross booth
at the Washington County fair held at
Fayetteville, Arkansas. Best records
for proper weight for age and height
were found between the ages of 20 and
30, and astonishingly few were found
to be over or under weight.

Washington County people made a
remarkable showing in the matter of
health as indicated by weight and
measurement, according to experts
who have looked over the records.
Children between the ages of 8 and 9
were especially satisfactory in their
weight and measurement. All persons
showing defects in weight were given
information as how to correct them.

BACKWARD CHILDREN COSTLY TO STATE

Recent Survey Shows One State
Paid \$25,000 in Year for
"Repeaters."

Retarded school children in one mid-
western state last year cost that state
\$25,000, according to figures given out
at the headquarters of the Southwest-
ern Division, American Red Cross, in
St. Louis, after an investigation of the
health of the school children in that
state. These children were what are
known as "repeaters," that is, children
who failed to pass their examinations
and had to be sent back to do over
again the work that had not been suc-
cessfully done.

Only 3 per cent of these children
were backward because of mental de-
fects. The rest had physical defects,
easily corrected, but which acted on
their mental capacity and their bodily
strength to do the school work. Of
those who underwent some treatment
for the correction of their physical dif-
ficulties every one without an excep-
tion caught up in his or her class and
kept up with the rest of the children
from that time.

The defects consisted of tonsils and
adenoids sufficiently diseased to cause
irregular attendance at school; de-
fective teeth which were responsible
for a considerable amount of malnu-
trition, and physical weakness; a few
cases of defective hearing, and still
fewer cases of defective vision, the lat-
ter of which was easily correctable by
properly adjusted glasses.

This survey was made in an effort
to determine the value of a public
health nursing service in the schools.
The conclusion was that with a public
health nurse installed in connection
with county school systems, a consid-
erable saving in expense to the state
would result.

According to the Director of Nursing
Service in the Southwestern Division,
one public health nurse should be sup-
plied for every 1,000 children. For
reasons of economy, however, the
nurses frequently have many more
than this number and they also have
to look after the health and welfare
of the adult community.

"Supposing in a given community,"
said this director, "200 children
should have to repeat their school
work because their physical condition
made them slow in their studies and
frequently absent. This would cost
the state \$12,500 a year. A public
health nurse for the same period,
whose duty it would be to see that the
children were kept well and therefore
would not have to repeat, would cost
\$3,000. The public health nurse in the
school inspects the children at regular
intervals. If they are found to be sub-
normal, they are examined by a physi-
cian. If the subnormality is due to
any physical trouble the physician or
the nurse, if working alone, recom-
mends to the parents that the child be
sent at once to its family physician for
treatment so that, although the ailment
is slight, it may be corrected in time
and thus prevent serious trouble later
on as well as to put the child into
better physical condition for its school
work. That is one phase of the public
health nurse's work.

"The next phase is a step beyond,
that of educating parents to the point
of requiring physical examinations of
their children before they reach school
age so that they are ready for their
school work. Some difficulties of child-
hood might be eliminated by care of
the mother during pregnancy and ex-
pert attention during the time of con-
finement. Infants, apparently well,
will benefit by careful inspection at
regular intervals. Experiments where
these inspections are made with the
advice of skilled physicians and
nurses, has been eminently successful.

"A third feature of the public health
nursing work which should be con-
sidered in the question of educating
these backward children is that of the
delay caused by ill health in bringing
these children to the point of economic
independence, that is, fitness for life
and its responsibilities. Thinking peo-
ple, educators and welfare workers
are being greatly attracted by the use-
fulness of school instruction in Home
Hygiene and Care of the Sick for
mothers of families, for high school
girls and even for younger students.
In my opinion there is no better way
to teach prevention of illness, good
health habits through sanitation in the
home, and personal cleanliness than by
giving thorough intelligent knowledge
of care at the time of illness for the
protection of others as well as for the
comfort of the patient."

This work is being constantly em-
phasized in the Southwestern Division
and is growing greatly in public in-
terest throughout the division.

VETERANS' HOSPITAL TO HAVE NEWSPAPER

Fort Lyon, Colorado, Veterans' Hos-
pital has acquired a print shop. The
newspaper has not been started yet
but the first issue will appear shortly.
A small hand press has been donated
to the hospital by friends and the
print shop has been opened in the Red
Cross Headquarters. Patients in the
hospital who are printers by trade
have volunteered to set the type and
make up and print the paper and other
patients who have been newspaper
writers and advertising copy writers
will edit it. It is believed this is the
first print shop to be run by the pa-
tients in any of the veterans' hospitals,
and much enthusiasm already is mani-
fested in the forthcoming initial issue
of the paper.

The BROWN MOUSE by Herbert Quick

COPYRIGHT © 1925 BY HERBERT QUICK

WHEN Herbert Quick writes a story it is the time for every-
one to sit up and take notice; for he is one of the most ver-
satile and entertaining geniuses in this country. Farmer, school-
master, lawyer, editor, public servant, social worker and novelist, he
has had a great round of experiences and has worked many of them
into his stories. Born in Grundy county, Iowa, he has been mayor of
Sioux City, nominee for supreme judge, editor of Farm and Fireside,
member of the Federal Farm Loan bureau and several other national
commissions, and during the war, had the rank of colonel conferred
upon him by the Red Cross.

In "The Brown Mouse," Mr. Quick has taken his inspiration from
the Scotch scientist who crossed Japanese waltzing mice with the
common white breed and among other hybrids got a brown individual
that was different from anything else in the world. Unlike its domes-
ticated parents, it was wild; it ran away, bit, gnawed, scratched and
raised hob generally.

Jim Irwin, the hero of the tale, is a brown mouse. His peddling
father was a waltzing mouse, no good except to jump from one spot
to another for no valid reason. His mother was a white mouse, hav-
ing had all her color washed out in one way or another. Like the
brown mouse which refuses to act according to the rules of heredity,
Jim had ideas of his own and did many surprising things. He com-
pletely woke up a sleepy farming community and showed it what a
touch of genius can do.

Two Weeks Made Big Difference

Mrs. Johnson Gives Stella Vitae
Credit for Building Her Up
From Weakness to Strength.

"Two weeks made such a differ-
ence in my feeling after starting on
Stella Vitae that I was actually sur-
prised at my improvement," said
Mrs. Essie Johnson, 813 Saulneir St.,
Houston, Texas.

"My kidneys troubled me some-
thing awful and I was terribly bilious.
I suffered from pains around my
stomach and my back hurt like it
would kill me. Headaches were con-
stant, and blind, dizzy spells would
come on. Even my legs hurt so it
was painful for me to try to walk
and my nerves were all on edge.

"In a couple of weeks after I
started taking Stella Vitae I noticed
an improvement and in a little while
I was feeling about as good as I
could expect or want. This is the
best tonic for ailing women I have
taken and I gladly add my name to
those who praise it."

Stella Vitae may be obtained from
W. H. Windrow and the purchase
price will be refunded if it fails to
bring relief.

TO THE HUNTERS AND PEOPLE GENERALLY.

The Medina Co. Game Protective Association is asking cooperation of everyone in protecting game and observing the game laws at all seasons of the year.

This section is one of the favored spots in the United States for raising deer and turkey, also quail, but the public has taken very little interest in its protection. For that reason game is becoming scarcer each year.

So all people who like to hunt wild game must observe the laws of the State if they expect to have anything to hunt in the future.

Any one desiring to hunt on the premises of the members of this association must get a written permit. Otherwise, if they are caught trespassing, they will be prosecuted.

Very Truly,
E. J. MURRAY,
Game Warden.

MAKE COLLECTION OF GERMS

Institutions in Europe and the United States That Preserved Them for Investigators.

The first "guide book" of what may be popularly called the germ "zoo" has just been issued by the British Medical research council. The body, as previously announced, hit on the happy idea of making a national collection of living germs of disease so that any doctor or investigator requiring some particular germ for his work might be able to get it at once, alive and active.

There are similar collections at the Pasteur Institute, Paris, at the Museum of Natural History, New York, and at Vienna. The British collection is housed at the latter Institute, and fresh additions of new "strains" and "forms" are constantly being added.

The catalogue gives the name of each germ, the name of its donor, and the year of the gift.

Just the Person.

I was taking Junior for a walk one afternoon, and he was playing with a little football which neither of us had been able to inflate. I was watching Junior when a neighbor came along.

She sat down beside me. After a little while Junior came up and asked Miss Jones if she would blow up his football for him. She asked him why he thought that she would be able to do so after I had already failed.

His answer was, "Cos my dad says 'at you is the longest winded wom-an 'at ever breathed.'—Exchange.

CENTURY OF VAST PROGRESS

Great Happenings Since Old Sleigh Was Turned Out by Its Build- ers in Massachusetts.

One doesn't often see the old-time sleighs as one used to. A Manchester man who was up in Concord the other day says he saw the oldest sleigh in his experience. It had the date painted on the back of the sleigh, 1811, considerably over 100 years old. It was one of those low-built affairs and appeared to be very comfortable, the Queen city man avers.

Just think how much has happened since that sleigh was first upon runners. Marie Antoinette and her unfortunate husband had been dead but a few years, and Napoleon Bonaparte was giving the crowned heads of Europe shivers and convulsion fits. The 1812 war had not been fought. Kero- sene oil was not thought of and there were no telephones nor flying ma- chines.—Manchester Union.

His Great Mistake.

Joseph Levenson, head of New York's motion picture censorship, said at a luncheon:

"The movies do a lot of good. But they do harm, too, sometimes. Think of the love affairs they break off!"

"It's all over," a young man groaned one day. "It's all over now between Mabel and me."

"Sorry to hear that, old chap," said a second young man. "What caused the split, may I ask?"

"I took Mabel to the movies last night, and she said that the heroine of the serial called 'The Pact of Death' was a beautiful girl."

"Well?"

"Well, I agreed with her."

Grasping an Opportunity.

"Where are you going in such a hurry?" asked Mrs. Bibbles.

"Over to John Jagsby's house," said Mr. Bibbles. "He has just telephoned to ask if I could lend him a corkscrew and I'm taking it myself."

"Couldn't you send it?"

"Mrs. Bibbles," said Mr. Bibbles, in cutting tones, "the question you asked me shows why most women are unfit to lead armies and make quick decisions in business deals involving millions. When the psychological moment ar- rives they don't know what to do with it."—Birmingham Age-Herald.

Regular Customer.

An actor, desiring to insure his life, gave as a reference the name of a cler- gyman, upon whom accordingly called a representative of the company.

"My dear sir," protested the minister, "my acquaintance with the gentleman is a very slight one."

"That's funny," exclaimed the agent, "because he told me he visited your church regularly."

"He does," was the dry reply. "He always gets me to marry him!"

Next Day, All Right.

She (during spat)—It's a story for you to say I grabbed you up quick. You know very well that when you proposed I didn't say "yes" until the next day.

He—That's right, you didn't. I proposed at 11:59 p. m. and you ac- cepted me at 12:01 the next morning. —Boston Transcript.

Think It Over.

An eminent French doctor declares that love is a disease of the emotions. Not being cynics, we should describe marriage as a long and pleasant con- valescence.—London Opinion.

Isn't that slightly cynical, though, cousin?—Boston Transcript.

Boiled or Unboiled.

A little girl attending the Second ward public school at Greencastle was asked last week to write a composi- tion on the value of milk. Here is one sentence of her masterpiece: "Milk is good for infants and adults, boiled or unboiled."—Indianapolis News.

"\$"—A mark of respect in the Uni- ted States.

DUMB WITNESS PROVES MAN'S ALIBI.

Can you imagine being convicted of murder, and having not a single witness in the world to prove your innocence—except just one that can't talk?

This was the serious situation that confronted Johnny Brant. Accused of killing a man for his gold, all the circumstantial evidence pointed to Johnny as the perpetrator of the crime. The only living thing that could prove his innocence was his horse—and, strange as it may seem, that horse did establish his master's innocence—and his evidence served to convict the real criminal!

This is one of the amazing twists of "The Mysterious Witness", the picturization of Eugene Manlove Rhodes' great Saturday Evening Post story "Stepsons of Light" which Film Booking Office of America is distributing, with Robert Gordon and Elinor Fair featuring as Johnny Bryant and Ruth Garland. This story, which attracted wide attention where it appeared, has been trans- ferred to the screen by Belasco Productions, Inc. and will be seen at the Star Theatre tonight.

It is seldom that a photoplay com- bines the elements of heart-interest and thrilling episodes so delicately balanced as they are in "The Mys- terious Witness". To a gripping tale of a boy who leaves home to make a fortune for his moth, who is thrown into the merciless life of a Western ranch and who is made to fight for his livelihood—his soul, his ideals, his very life—is added a double heart interest—the first the deep, abiding bond that exists be- tween the boy and his mother and the second the love that grows in his heart for the girl who is kind to him in his need and heart-hunger.

BUICK LEADS AND CHEVROLET STANDS SECOND IN SALES.

The motor cars exhibited at the National Automobile shows are as- signed to their places by an election, in which dollars are the ballots. The honor of first place goes to that car for which purchasers have paid the largest total amount of money for the preceding twelve months, ending June 30th.

At the New York Automobile Show in January, 1924, three of the divi- sions of General Motors will have leading places. Buick for the sixth consecutive year will have the first place. Chevrolet will have the sec- ond place, and Cadillac the sixth. The drawings for space were made at the National Automobile Cham- ber of Commerce in New York, Oc- tober 4th.
